----------	---------

12" PLANER/JOINTER 25-212H is equipped with a large 12" cutter head and powerful 3HP motor that make quick work in milling the hardest, or widest rough-sawn lumber. A favorite of production shops, the jointer and planer tables are made of heavy, cast iron and machined smooth for efficient movement through the cutters. Unique, one-piece jointer tables easily lift up and out of the way for planer use, or to work on the cutter head. The 25-212H has a 2-row, helical cutter head with 34 four-sided, carbide insert cutters.
